

Attention Parents!

Did you know...

You are your child's first and most powerful teacher. The more words you say to your child, the stronger their brain becomes.

Are you interested in...

Growing your child's language, bonding with them as they learn, and building your home library?

Do you have children, ages Birth to 32 months?

If so, we invite you to take part in the *LENA START* program!

The *LENA START* program can help grow early talk with children, and provide ways to increase your interactions with your child.

FREE, 1-hour group classes will offer:

- Child Care
- Dinner
- Free materials and books
- Incentives
